**Bert Sierra** An interesting device and I was going to share this ad with my followers on @ScienceVsUniverse, but then I noticed the shortened link actually links to a different product, the “dScarf™ – Solar Motor” linked to below.  
  
Fix the link and I might consider sharing this, otherwise too sketchy. Possibly just a slip-up, but possibly also a case of bait and switch; giving the vendor the benefit of the doubt.
